

# Technology-Enhanced Pharmaceutical Discovery (TEPD)

SEMINAR SERIES 2025/2026

Monday November 17th, 2025

12:15p.m

## **SPEAKERS**

**Huicong Wang MSc., York University**

**“Developing a photochemical approach to sequencing m1G in RNA”**

**Luca DiFabio PhD., York University**

**“Performance via Proximity: Studying proximity-induced enhancement of human neutrophil elastase in degradation of extracellular protein targets via DNA aptamer recruitment”**
